3. Name _____
Relationship to family _____
Address _____
Telephone _____

Designate a place where your family will be able to stay for a few days in case of evacuation.

****Choose a location that is at least 200 miles from St. Louis. Examples – family members, friend’s home, hotel.**

Location Name _____
Address _____ Telephone _____

Note: This Family Emergency Plan has been created not only for Bringing Families Together to be able to ensure your safety and that of your foster children in the case of a natural disaster or major emergency, but also so that your family can have a plan in the case of emergency. You may want to also include copies of important documents (i.e. birth certificate, social security cards, health insurance cards) for yourself to include with this plan. Then your emergency plan and information would be all in one envelope, ready to go, in the case of a true emergency.
